

CarWash Manager PRO™

The new App that maximizes your revenue!

**FOR EASY
CONTROLLING AND
OPTIMIZATION.**

Your new CarWash Manager PRO™

Mobile available 24/7 – for controlling, monitoring and evaluation!

The new Ehrle App CarWash Manager PRO™ starts where Condition Monitoring has reached its limits.

Look forward to new additional features for operational monitoring, controlling and evaluation of your CarWash. As an innovative enhancement of Condition Monitoring, the new App is ready for use anywhere and anytime.

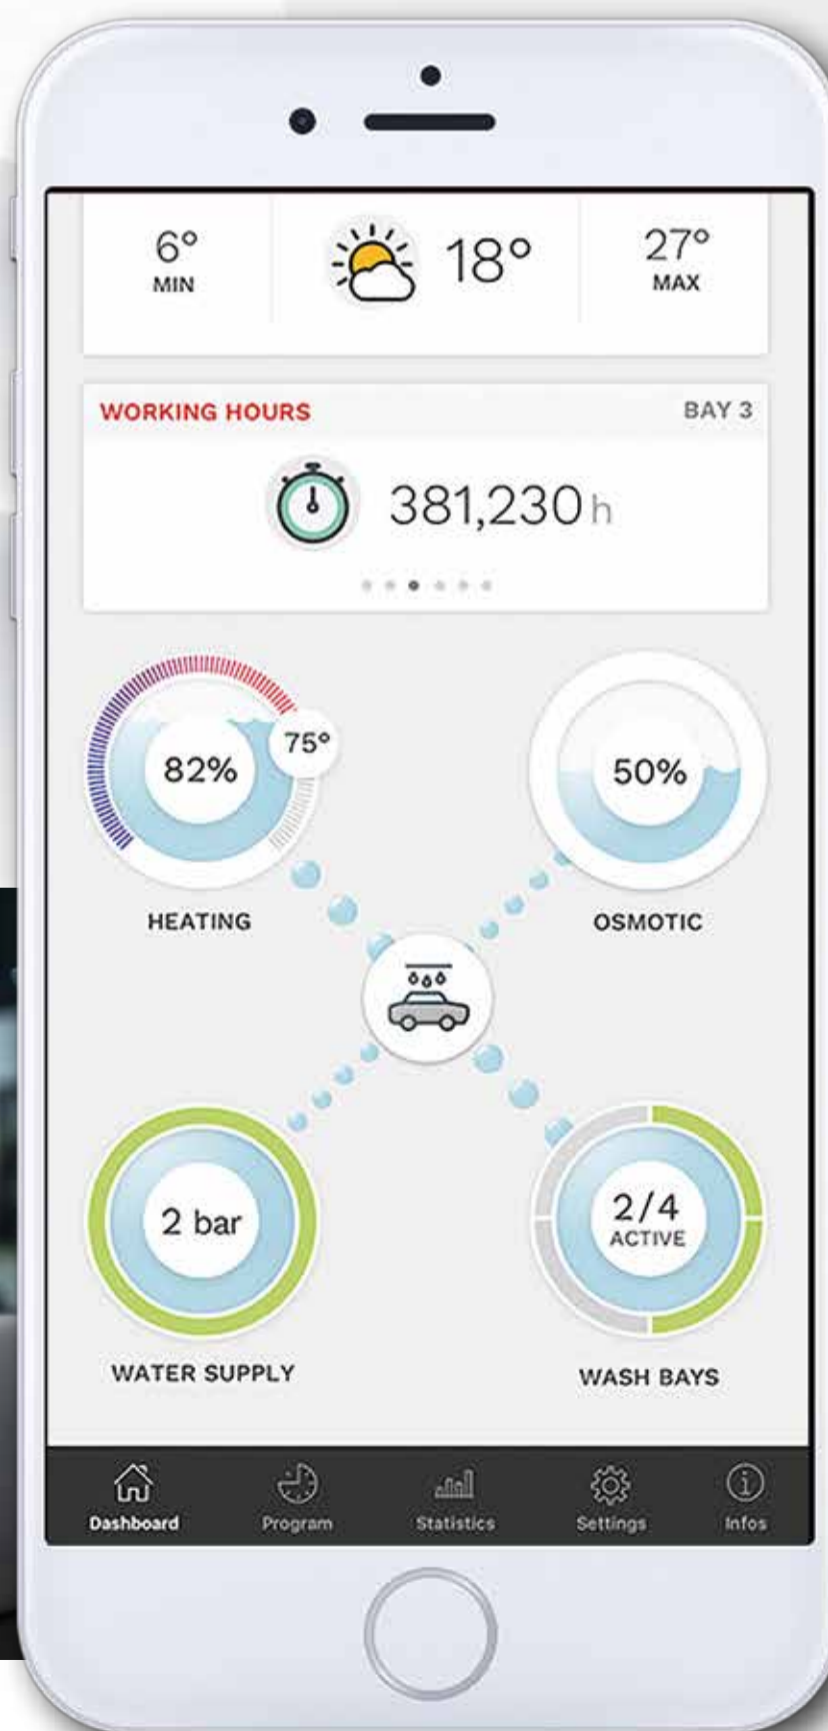

Unquestionably the new, excellent graphics interface is optimized for your smartphone and tablet. It offers brilliant charts and statistics that allow you to quickly customize and instantly optimize your system in virtually any parameter.

Whether for example analysis of sales, consumption and fill levels or information on maintenance or user behavior: The Ehrle CarWash Manager PRO™ is always at your side and always ready to drive up your earnings!

The new Ehrle CarWash Manager PRO™.
Get your license now and profit!

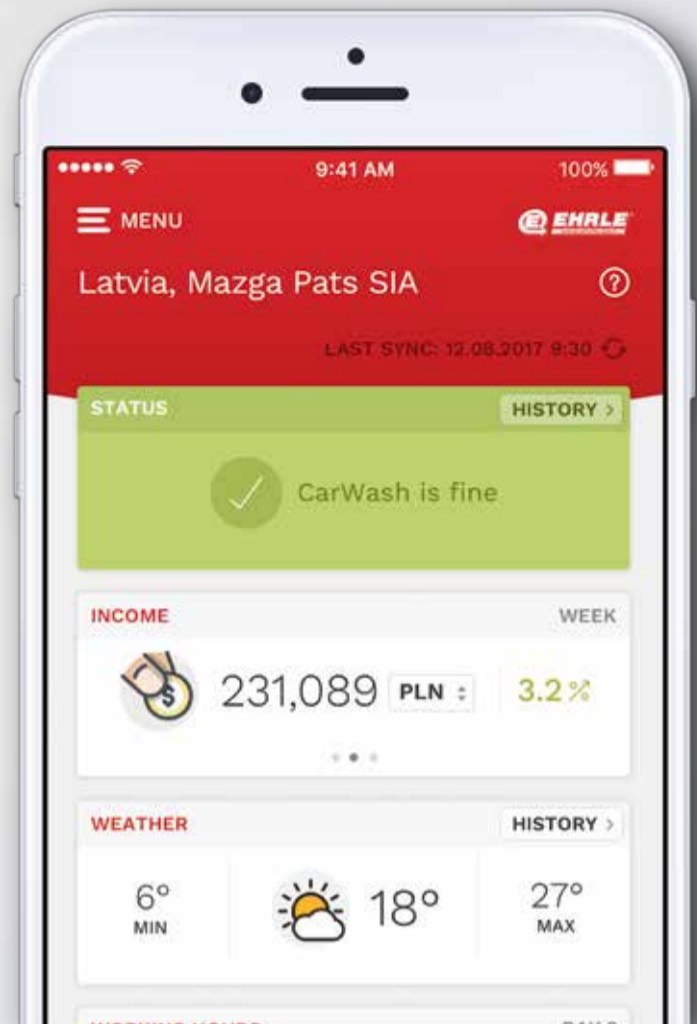

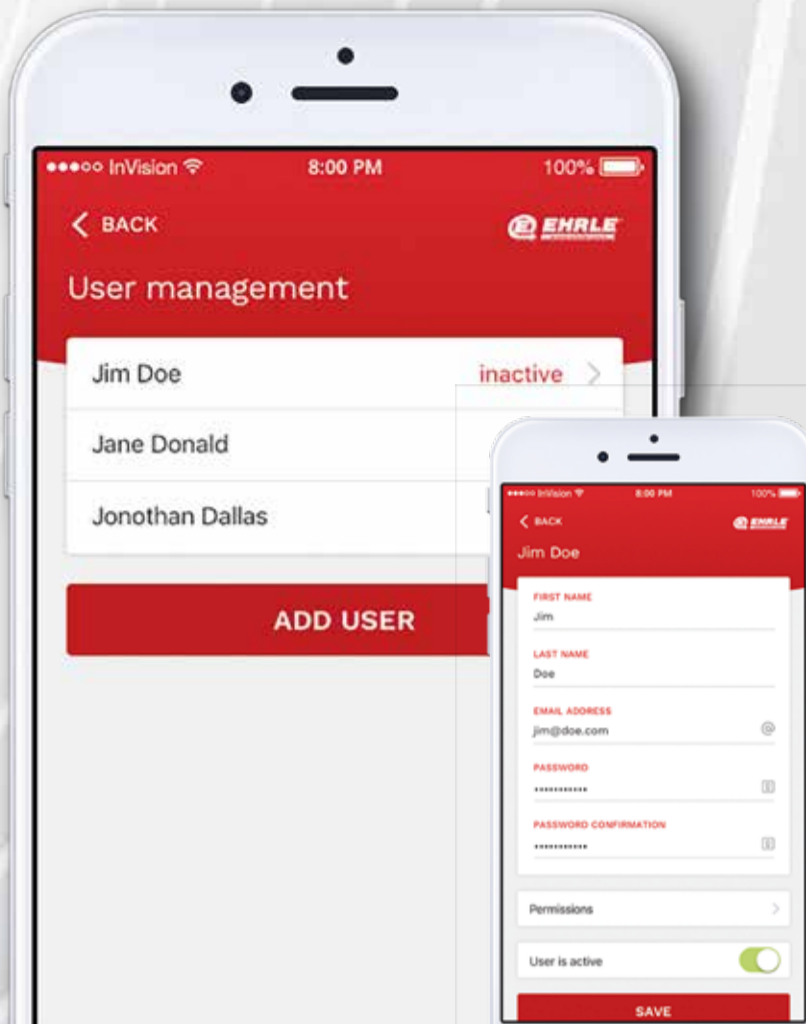

In the development of the new app, we have placed emphasis on central topics in addition to the high level of user-friendliness:

- ASSIGNING RIGHTS
- REVIEWING FACTS
- ANALYZING DATA
- OPTIMIZING RETURNS

System requirements:
Siemens SPS,
activated eWON,
Internet access /
connection

Availability:
From July 2018
in languages
german, english,
polish, russian
and latvian.

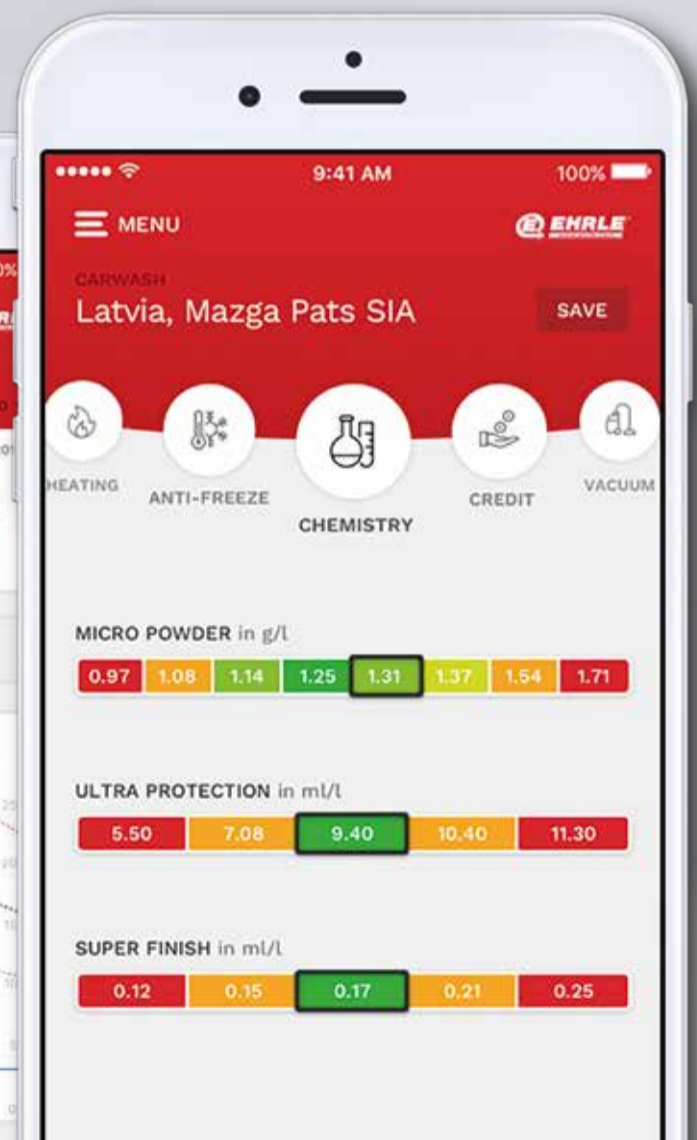

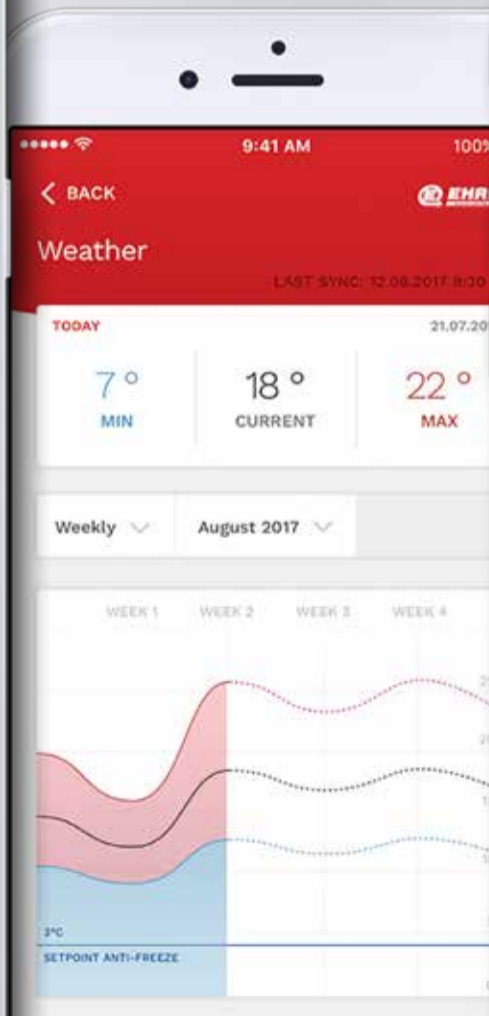

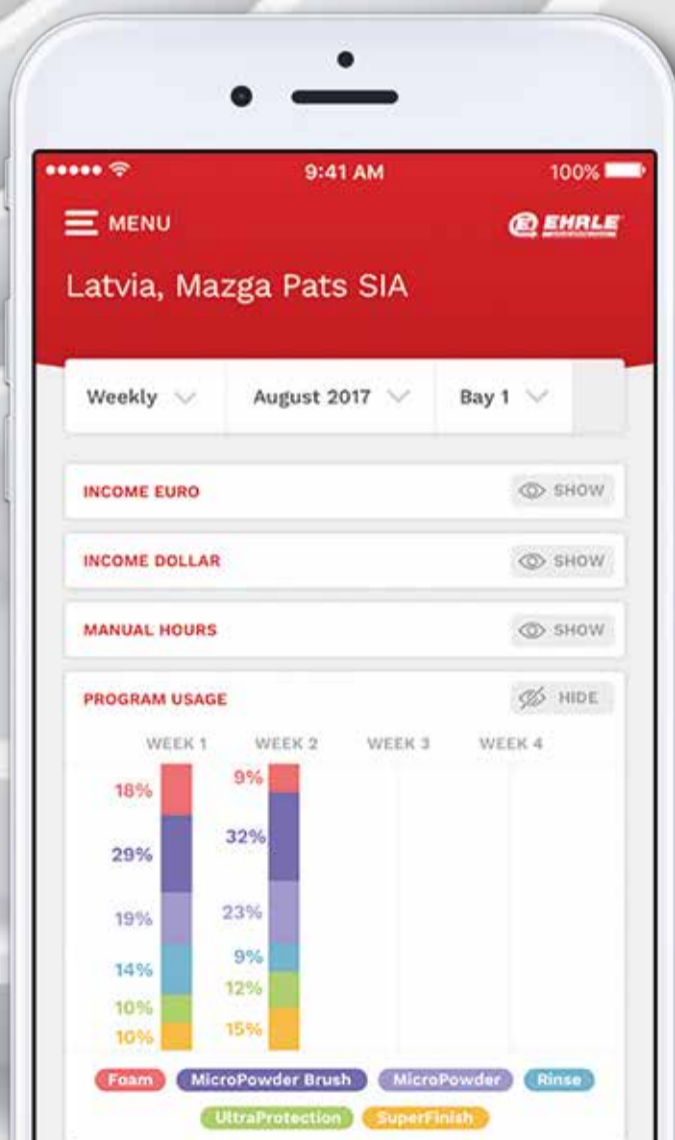

ASSIGNING RIGHTS

Whether Jim, Jane or Jonathan – the access rights to the individual functions can be defined individually for each employee.

REVIEWING FACTS

Knowing what's going on – all facts can already be captured quickly on the start page: sales, weather, operating hours and status.

ANALYZING DATA

For example, with direct access to the consumption values, of course for any desired period.

OPTIMIZING RETURNS

Fine-tuning of chemical additives to optimize yield and consumption.

Better control. Faster reaction. Bigger success!

- New pioneering app as an innovative expansion stage of proven Condition Monitoring, ready for use anywhere and always.
- Additional features for Business Monitoring, yield optimization and evaluation of your CarWash.
- Excellent graphics interface with brilliant charts and statistics.
- Possibility for immediate adaptation or modification of almost every parameter.
